HTA Project: NIHR155209 - A Randomised, Embedded, Multi-factorial, Adaptive Platform Trial for Community-Acquired Pneumonia (REMAP-CAP) - Influenza

Dear Professor Gordon,

Your 8 month (no cost) contract variation request has now been reviewed by the HTA Programme team.

After careful consideration your contract variation has been approved.

We will prepare the required paperwork and send it directly to your research/contracts office using the signatory details provided in your REALMS contract variation task. Please confirm if the signatory remains Tanya Bennett?

If you have any questions please feel free to contact me.
