

# REMAP-CAP

## AUTUMN NEWSLETTER

NOVEMBER 2025

ISSUE 16

### Reminders & Updates

#### Substantial AM43

The most recent amendment, 43 was sent out to sites, the amendment included:

- Protocol V4.0
- Updated DSAs
- PedsQL for patient follow-up
- Updated SmPCs
- Updated PIS/CFs and Privacy Notice
- Submission of documents to extend N domain policy

#### IMPORTANT

Do **NOT** implement Protocol V4.0 yet, we will ask sites to implement once the database updates are released either before or after Christmas. We apologise for the delay!

#### Translations

We will provide translations to sites with the relevant treatment sections adapted. Please let us know which languages you would like from the list below by scanning the QR code (if not already done so):

- Arabic
- Bengali
- Gujarati
- Polish
- Portuguese
- Punjabi
- Romanian
- Urdu

#### Refresher/Q&A

Thank you for attending the Q&A sessions. The recordings are now available here: [Q&A – Remapcap-UK](#).

A reminder that we have an FAQ page on our website for your reference: [FAQ – Remapcap-UK](#)

#### IMP Ordering

Baloxavir and Tocilizumab are now available to order through the revised process.

**Baloxavir granules** are **not ready** to order yet but they should be ready by end of November.

Please remember to **stop the temperature logger immediately** upon delivery and follow the instructions to **return the device** as it is reusable.

#### General Reminders

- Pharmacy training logs need to be completed, which were distributed earlier this week.
- Please let us know if you are interested in the Immune Modulation Domain, if not already taking part.

#### Recruitment

**Over 360 Adult patients recruited**

**Over 50 Paediatric patients recruited**

**Thank you for all your hard work!**
